

March 27, 1983

Hi Margaret -

Sorry this took so long but the check from the stock sale didn't come until Friday.

It is going to cost both of us more than I figured because the fee for seeing the stock took more than I thought plus Mother's money was down more because I couldn't get right at this.

As you can see by the paper from Burdick's, the funeral is 1621.28.

All I could use of Mother's money is

1231.72 Mother

194.78 you

194.78 me.

---

1621.28

That leaves her account down to about 3.00. - Just enough to keep it open.
