* The first date of a descendant's birth in a new location; the actual move date is assumed to have occurred prior to, or close to, that date.

** Per 1900 Census, the family lived in Downers Grove Village, IL, but needed to move quickly to escape the polluted air of the Chicago area for the cleaner air of rural MI for Claude Clemons.

*** Actually, our son Chad and his wife Kendra preceded us to AZ in 1995.
